

Launch Database

Step 1: Select manage after adding new credentials.

Step 2: click on Launch Dashboard to redirect to database page.

Step 3: Then click create Database and type database name.

Step 4: Now select Partitioning and click create.

The screenshot shows the IBM Cloudant Databases dashboard in a web browser. The browser's address bar displays the URL: `33f71832-4e5d-44ff-bb02-3756b5a56127-bluemix.cloudant.com/dashboard.html#/all_dbs`. The dashboard has a dark sidebar on the left with various icons, including a 'Log Out' button at the bottom. The main content area is titled 'Databases' and includes a search bar labeled 'Database name' and a 'Create Database' button. Below this, there is a table titled 'Your Databases' with the following columns: 'Name', 'Size', '# of Docs', 'Partitioned', and 'Actions'. The table contains one entry: 'virtual_eye' with a size of '0 bytes', 0 documents, and is not partitioned. The 'Actions' column for this entry contains three icons: a double-headed arrow, a lock, and a trash can. At the bottom of the dashboard, it says 'Showing 1-1 of 1 databases.' and 'Databases per page' is set to 20. The Windows taskbar at the bottom shows the time as 05:40 on 09-11-2022.

Name	Size	# of Docs	Partitioned	Actions
virtual_eye	0 bytes	0	No
